

Landscape Architecture Students,

The LA department is continually updating our web site, newsletters and bulletin boards and in doing so more and more of *your* pictures have the chance of being posted in one of these locations. If you do not want your picture to be posted then you will need to come by the LA office to let us know and sign this form. FERPA students are automatically exempt from having their photos posted.

I _____ do not wish to have my image posted for display.
(print name clearly)

Signature _____
